

Health and Safety Policy

Boilertronics is fully committed in providing a safe place to work for its employees and subcontractors.

We shall meet or exceeding the OH&S Laws & Codes, expectations of the community, governing authorities and AS/NZS 4801.

Boilertronics management will undertake the following:

- Comply with all applicable health and safety laws and regulations;
- Actively promote and support consultative participation by its employees & sub contractors.
- Provide health and safety training for its employees and sub contractors;
- Maintain an effective and efficient management systems that are compliant to AS/NZS4801.
- Conduct regular observations, inspections and audits of work areas, work methods and equipment
- Set key performance indicators in managing the business ensuring continuous improvement.
- Encourage a culture that promotes health and safety throughout the business.

Employees and sub contractors will ensure that they-:

- Observe all safety measures whilst at work;
- Comply with all safety procedures and regulations
- Utilise personnel protective equipment as required
- Work in accordance with recognised safe working practices at all times, ensuring that they, our customers and members of the public are incident free.
- Immediately report all incidents, hazards, near misses or unsafe work practices.

This policy applies to all activities undertaken or controlled by Boilertronics.

A handwritten signature in black ink, appearing to read "J Watts", is positioned above the printed name.
