

## Quality Policy

---

In order for Boilertronics to deliver products and services of the highest possible standard that will always meet or surpass our customers requirements Boilertronics will undertake the following:

- Measure key performance indicators and manage the business to ensure continuous improvement.
- Empower employees to suggest avenues for improvement.
- Maintain an effective and efficient management system throughout the company.
- Promote the value of team work and employee participation in identifying opportunities to make improvements.

This policy applies to all activities undertaken or controlled by Boilertronics.
